## The School for Young Children Camp is back for another fun-filled summer!

Activities will include:

- Creative and dramatic arts
  - Music and movement
  - Science and nature
  - Water play
  - Exploration & discovery
- ....and much, much more!

Our camp is designed for children 3 to 5 years of age with previous pre-school experience. They must be no more than 5 years old at the onset of the session enrolled.

Camp offers four, two-week sessions. An early morning drop-off is available for an additional fee.

## Camp Dates and Sessions

### ***Let's Get Creative!***

#### **Session 1: July 15-26**

Campers will experience two weeks of fun with art, dance, music, and movement! Each day children will paint with different materials, play instruments, and move to the beat of their own music!

### ***Open the Door, Let's Explore!***

#### **Session 2: June 29-July 10**

#### **\*no camp July 3**

Campers will delight in discovering the wonders of nature through an abundance of hands-on experiences. Five acres of outdoor space with a beautiful nature trail and a wide open field await children's arrival.

### ***Mix it Up!***

#### **Session 3: July 13-24**

Children love to cook and create. This session combines the best of both. Campers will mix, measure, stir, and cook tasty snacks. Opportunities abound to make different concoctions used to sculpt, paint, create, and explore.

### ***On the Move!***

#### **Session 4: July 27-Aug. 7**

Hop, skip and jump your way to this popular session of camp. Children will enjoy a bike rally, obstacle course, and activities on the field. Special moving objects will visit..a fire engine, street sweeper, and a limousine -just to name a few!

"Someone just asked me what my favorite thing about summer camp is. I can only think of one thousand answers...."

For registration information, please contact Jackie Sanderson at 860.231.5569 or [jsanderson@usj.edu](mailto:jsanderson@usj.edu).
